The AIDS Education and Training Center National Clinician Consultation Center (AETC NCCC) is a component of the HRSA AIDS Education and Training Center (AETC) Program. The purpose of the AETC NCCC program is to provide health care providers with a national resource to obtain timely and appropriate responses to clinical questions and inquiries relating to: 1) the treatment of people living with HIV (PLWH) and those at high risk for HIV infection; 2) health care worker exposure to HIV and other blood borne pathogens (e.g., viral hepatitis); 3) the treatment of pregnant women living with HIV and their exposed infants, and a perinatal referral service to connect them with HIV-experienced care providers; and 4) PLWH with behavioral health and/or substance abuse issues.

Applicants should develop their proposed project based on program expectations to provide clinical consultation on HIV/AIDS in four consultative topics:

1. General clinical consultation for health care professionals relating to the treatment of PLWH and those at high risk for HIV infection.
2. Consultation on Post-exposure Prophylaxis (PEP): Clinical consultation for health care professionals relating to occupational exposure to HIV and other blood borne pathogens (e.g., viral hepatitis).
3. Clinical consultation for health care professionals relating to pregnant women living with HIV and their exposed infants, and a perinatal referral service to connect them with experienced HIV providers.
4. Clinical consultation for health care professionals relating to PLWH with behavioral health and/or substance abuse issues.
This FOA will support one (1) National Clinical Consultation Center tasked with serving all 50 states in the United States and its territories. Applicants may apply for up to $1,500,000 per year. The project period is three years.

**LIMIT ON NUMBER OF PROPOSALS PER ORGANIZATION**
Only one application per institution is allowed.

**KEY DATES**
If you are interested in this funding opportunity, please send a one-page summary of the proposed research and your biosketch to Eric Boberg (e-boberg@northwestern.edu) by December 14, 2015.

The sponsor application due date is February 1, 2016.

**COLLABORATION OPPORTUNITIES**
The Office of Research Development offers assistance in identifying and facilitating collaborations, putting together interdisciplinary teams, programmatic and administrative development of large, cross-school proposals, and leveraging institutional resources for outreach and education. Contact Fruma Yehiely (yehiely@northwestern.edu), Associate Vice President for Research, Director of ORD, for more information.
