Please note the short timeline.

**FOA#:** HRSA-16-049

The purposes of this award are to (1) provide assistance and support to the HRSA-funded Family-to-Family Health Information Centers (F2F HICs) and other Maternal and Child Health Bureau (MCHB) investments on the topics of family engagement and cultural and linguistic competence; and (2) implement family and youth leadership development and training activities, specifically for racially and ethnically diverse minority families of children and youth with special health care needs (CYSHCN) and youth with special health care needs (YSHCN).

The F2F HICs are family-staffed/run centers that provide information, education, technical assistance and peer support to families of CYSHCN and professionals who serve such families. The goals of the F2F HICs are to promote optimal health for CYSHCN and to facilitate their access to an effective health delivery system by meeting the health information and support needs of their families. There are 51 F2F HICs across the nation, one in each of the 50 states and the District of Columbia. For additional information about the NCFPP and F2F HICs, please visit: [http://www.mchb.hrsa.gov/programs/index.html](http://www.mchb.hrsa.gov/programs/index.html) and [http://www.fv-ncfpp.org](http://www.fv-ncfpp.org).
